L&T: No.1 Infrastructure Company of 2011 ì Construction Week

Acknowledging

economic development as a major infrastructure player, leading industry journal *Construction Week* designated L&T No.1 on its list of the Top 30 Infrastructure Companies of 2011.

The list was the result of *Construction* search most admired companies in the infrastructure space, and its focus on highlighting the critical role

L&T secured the top spot on the basis of its well-capitalised balance sheet, robust execution capabilities over a wide range, integrated operations, a strong portfolio of assets and an order book of over Rs.1,30,000 crore.

The parameters upon which the ranking was based included equity research reports, corporate filings, market perceptions, comprehensive quantitative and qualitative analysis of the overall business performance, peer comparison, order book analysis, assessment of project diversity as well as execution capabilities.
