

L&T's Power Business Wins Orders Worth 1,400 Crore

Mumbai, September 27, 2018: The Power business of Larsen & Toubro has won orders worth 1,400 crore.

The business has received two orders for setting up Flue Gas Desulphurisation (FGD) systems from NTPC at its Vindhyachal Super Thermal

plants has been made mandatory by Ministry of Environment, Forest and Climate Change (MoEFCC), Government of India, to curtail SO₂ emissions.

L&T has a long term technical licence agreement with Chiyoda Corporation of Japan grants L&T exclusive rights to undertake engineering, procurement and construction (EPC) of CT-121™ FGD systems. The CT-121™ FGD process is a unique technology developed by Chiyoda in which sulphur dioxide is absorbed from flue gas generated by coal
