

L&T Wins ₹1,885 Crore Order from NTPC

EPC Contract for 1320 MW Supercritical Steam Generators at Tanda, UP

Mumbai, September 12, 2014: Larsen & Toubro Limited (L&T) through its joint venture company L&T-MHPS Boilers Private Limited (LMB) has secured an order worth ₹ 1,885 crore from NTPC Limited. The contract includes setting up of two units of 660 MW each supercritical steam generators for Tanda Thermal Power Plant Stage-II on an engineering, procurement and construction (EPC) basis.

LMB's scope includes design, engineering, supply, construction, erection, testing, commissioning and conducting performance guarantee of two coal-fired steam generator units with supercritical parameters. The project site is located on the banks of the Tanda canal near Bahadurpur village in the Ambedkar Nagar district of Uttar Pradesh.

The LMB's offer was selected through competitive bidding involving several national and international players. The project is scheduled to be completed in 46 and 52 months for the respective units.

Commenting on the order, Mr. Shailendra Roy, Whole-time Director (Power, Minerals & Metals) L&T said, "We have the manufacturing and execution capabilities to deliver to stringent schedules while conforming to global standards." The order from NTPC affirms L&T's position as a leading EPC contractor of power plant equipment.

LMB is currently executing 11 units of similar large capacity steam generators (660/700 MW) in India totaling 7340 MW. Two units of Nabha Power Ltd at Rajpura (Punjab) have

Mitsubishi Hitachi Power Systems Ltd: Mitsubishi Hitachi Power Systems Ltd (MHPS) is a joint venture company formed by Mitsubishi Heavy Industries and Hitachi, integrating their thermal power generation systems and other related businesses in February 2014. MHPS has decades of experience in manufacturing supercritical boilers and turbine-generators. It possesses state-of-the-art technology and a large capacity supercritical boilers and turbines.

Larsen & Toubro is a major Indian multinational in technology, engineering, construction, manufacturing and financial services, with global operations. Its products and systems are marketed in over 30 countries worldwide. A strong, customer
