

## L&T completes 75 years of Construction & Mining Machinery business

Mumbai, April 19, 2021: Larsen & Toubro Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing and Services, has completed platinum jubilee in one of its oldest businesses, Construction & Mining Machinery Business (CMB).

The business has supplied over 60,000 units of various equipment in India during its 75 years association with the Construction and Mining Industry. These machines have been used to create landmarks of exceptional design and have significantly contributed to the growing infrastructure of the nation.

Commenting on the occasion, Mr SN Subrahmanyam, CEO & MD, Larsen & Toubro V D L & T has a legacy of pioneering critical equipment needed for Nation Building and has been at the forefront of indigenous development of engineering design and manufacturing capabilities. We are delighted that our Construction & Mining Machinery Business has been fulfilling the formidable needs of mining and construction sectors with innovative equipment and commendable service records. Expressing his delight over the glorious journey of CMB, Mr Arvind K Garg, Executive Vice-President, L&T Construction & Mining Machinery said, "It has been our absolute commitment to serve valued customers over the last seven decades. L&T has pioneered and introduced global technologies, equipment, and practices for the development of the nation. At this important juncture, we thank our customers for their association and patronage." μ

L&T utilized its deep knowledge and experience gained since 1945 and developed its own indigenous designed and manufactured machines are now aiding road construction and highway development and enabling L&T move towards fulfilling the national mission of "SDWP DQLUEK.DU %KDUDW".

The company took a major step in 1973 by introducing Hydraulic Excavators in collaboration with Poclain SA France. This was a revolutionary and pioneering initiative which needed efforts to establish a completely new concept in earthmoving and made L&T a strategic partner in Infrastructure construction. Some of the other collaborations included

France, JI Case, USA, Vibromax Germany, Detroit Diesel USA.

Later in 1998, the two engineering giants Komatsu and L&T formed a Joint Venture to  
P D Q X I D F W X U H . R P O W A K t , W o r l d W i d e S H m a c h i n e s  
turned out to be the benchmark in Quality, Reliability & Durability and became an iconic  
model. With the introduction of several models of excavators, such as PC71, PC130, PC300  
and PC450 in later years, L&T achieved a leadership position and built a loyal base  
of over 25000 valued customers.
