

L&T Construction Awarded (Significant*) Contracts for its Various Businesses

Mumbai, July 19, 2021: L&T Construction, the construction arm of L&T has won a slew of orders in India and abroad for its various businesses

Power Transmission & Distribution

The Power Transmission & Distribution Business has won an order to construct a 220kV Transmission Line associated with system strengthening in the Ladakh region. The design and execution of this system involves traversing avalanche prone, hilly terrains and ice loading of conductors.

Another turnkey order has been received for urban power distribution in Ayodhya city under the Integrated Power Development Scheme.

In Dubai city, an order to design, supply, construct, install, test, and commission a 132/ 11kV substation with associated cable works has been received.

Additionally, two transmission line packages have been secured in Africa.

A package involving supply and construction of a new Gas Insulated Substation and associated substation extensions has been won in Thailand. These works will enhance the transmission system reliability. These contracts are under Tenders, in progress.

Background

Larsen & Toubro is an Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing and Services. It operates in over 50 countries worldwide. A strong customer-focused approach and the constant quest for top class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
