) has

formally awarded the mandate to construct the 135.45 km stretch MAHSR C3 package which is part of the prestigious Mumbai Ahmedabad High-Speed Rail Project Civil Infrastructure business.

The scope for the MAHSR C3 package includes the construction of viaducts, stations, major river bridges, depots, tunnels, earth structures, stations, and other auxiliary works.

The approximately 508 km Mumbai-Ahmedabad High-Speed Rail project, also called the MAHSR Bullet Train project, will cover 155.76 kms in the State of Maharashtra, 4.3 kms in the Union Territory of Dadra & Nagar Haveli and 348.04 kms in the State of Gujarat with 12 stations along the route. Upon completion, the High-Speed Rail will operate at a speed of 320 Kmph, covering the entire distance in approximately 2 hours with limited stops and in 3 hours with all stops.
